11) The New Act has not yet been promulgated into law & copies of the same have not been received yet. 15) Hence the proposal to increase the Tax from 4 as to -/5/4 in the rupee may be approved, subject to the condition that the Tax will be collected in two equal half yearly instalments along with the Taxes on buildings ~~& lands~~ The enhanced Tax will come into force from the year 1957-58

19) The proposal to enhance the lighting tax was made by the Ajjampura Town Pl. in accordance with the provisions of the Town Police Act 1933. after observing the prescribed formalities

20) The said Act has since been repealed and the new Act (Mysore Town Police Act XXII 1951) has come into force from 6 7 1951

21) . The point for consideration is whether the proposal in question - approved in para 18 - may be sanctioned by G.O, whether it would be legal to do so or otherwise the entire procedure may be gone thro' afresh under the provisions of the new Act. Section 46 (1) (b) Contemplates the framing of rules by the Govt for the levy of taxes etc in any city and under sub-clause (2) thereof

1666 Assumption Municipalities

The M.L. & C. Concessions has to adopt the rules, subject to such modifications as it deems fit under section 62 lays down that the M.L. & C. concessions has to prepare the rules for the purpose of clause (b) of sec 46 of the Act - dealing subject to the above conditions although this procedure will have to be observed in respect of proposals initiated after 6.7.1951 by the Rules, yet it is for consideration of at whether -worked upon in cases, which the M.L. & C. concessions have taken decision and which have come up for sanction

24) The validity of the actions taken till the commencement of the T. & C. Act 1951, is saved by (a) and (b) of sec. 2 of the T. & C. Act. The validity of the rules and bye-laws framed under the old Act and in force as on 6.7.51 is saved by secs 46(3) and 48(5) of the T.M. Act 1951. The Municipality has powers under sec 61(1)(x) of the new Act to impose a lighting tax. under sec 61(6), this should be done with the sanction of the Govt. So, there appears to be no legal objection to Govt according sanction, as long as the proposed enhancement is within the maximum rate permitted under schedule I.

25) See 47 empowers the M'C' to alter a tax imposed. But cl(2) prescribes the procedure to be followed — This is what is contained in chap VII of the Town Mg Act 1951, Sec 31 Sub or similar procedure prescribed under the A+ 1933 has been followed already. There is no objection to treat the action taken as one taken under the new Act & sanction the increase proposed in the rate of tax —

## Increasing the rate of levy of Lighting Tax — Nyasaland

was felt as to whether an amendment
(a) proposed under the 1st Sch of 1933 by which
it could be approved (b) drawn up in accordance
with the provisions of the new Act
that the proposal was only an amendment
of the existing rate on the scale set
out in the Schedule to the Act
by which the increase from 4 annas
to 6 annas suffers the increase in the rate
for 0/3/4, in which respect it would be regarded as a new tax
and as such governed by Sec 46 (2) of
the new Act. It was thought that only an amendment of the
existing rules, which are continued by virtue of the
provisions under section 2 (b) of the Act
of 1937 further, the procedure followed for the new (enhanced)
rate is identical with that laid down in the Act
- under chapter VII
the proposal of the Nyasaland Govt to
increase the existing lighting tax from four
annas to 0/3/4 - the rupee of the tax on
buildings or lands which may be approved,
under the provisions of Section 46 (2) read with section 61 (b)(x) of
the Act of 1951
